

Open your ribbon and buckle.

Open a new page to work on.

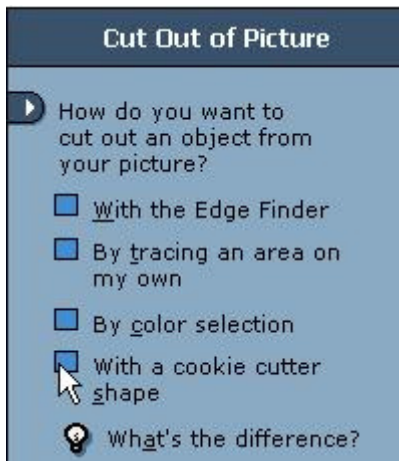

Drag the ribbon from the stack onto the new page then drag the buckle on top of the ribbon and move into position.

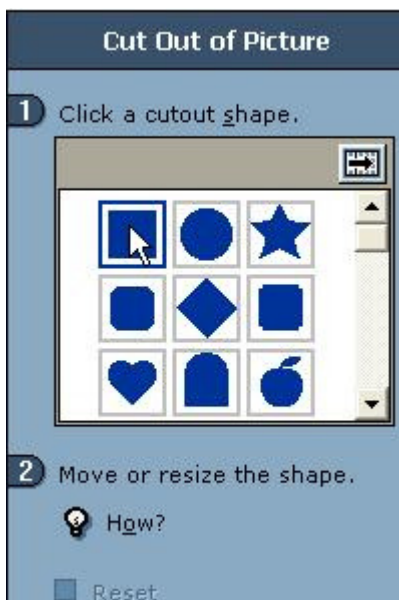

Click on the ribbon to make it the active layer.

Go to Crop or Trim/Create a Cutout

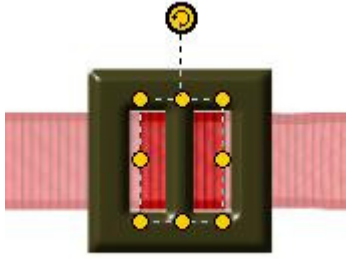

Select With a cookie cutter shape

Select the square

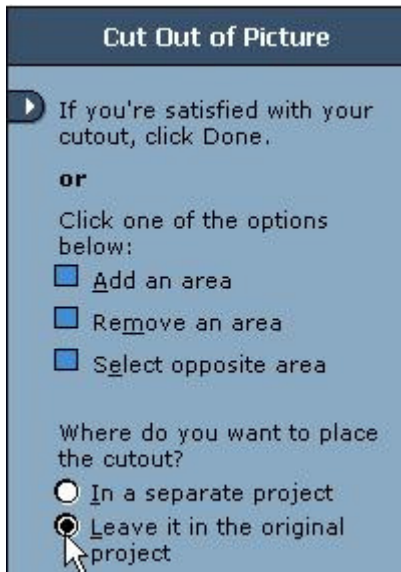

Move the shape over the centre of the buckle.

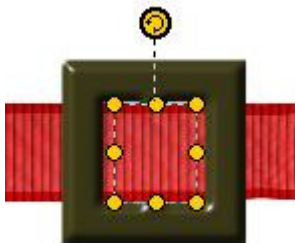

Click Next.

\*\*Make sure you select Leave it in the original project.

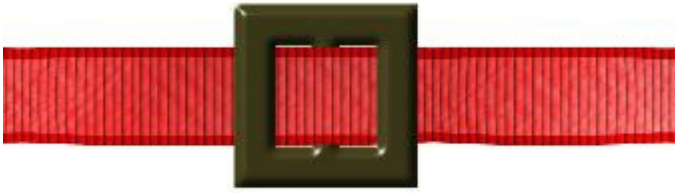

Click Done.

Go to Edit/Select all  
Now right click on the stack and select Group.

Save as png to retain the transparency.
